

# Lautex

## **PRESS RELEASE 8.3.2016 12.00**

Oy Teknoma Ab purchased all shares in Lautex Oy from Christian Berner Invest AB on 7.3.2016. Through this deal Christian Berner Invest AB became owner of 25% of the shares of Oy Teknoma Ab.

The business of Lautex Oy continues in Nummela with the existing organization and with Kiuru Schalin as the CEO. Oy Lautex Ab is a specialized manufacturing company of suspended metal ceilings for the construction and shipbuilding industries as well as a subcontractor for other industries. The product range includes panel ceilings, lists, cassettes and grids and complete ceiling systems as well as components.

“The expertise of Lautex and Kiuru Schalin’s proven performance and experience as CEO ensures the high quality of our customer service also in the future. When Teknoma and Lautex join forces we form a strong and innovative group with an understanding of domestic customer needs and possibilities for internationalization. Together our organizations will serve customers even better and more efficiently”, says Arvid Segercrantz, chairman of Teknoma.

“We are happy that Lautex will have a competent and knowledgeable new owner. In addition, it will be a pleasure to participate in the development of Teknoma”, adds Joachim Berner, chairman of Christian Berner Invest AB.

For Teknoma, the growth in operations is strategically important. The product range and volume of Teknoma will grow significantly. Through acquiring Lautex Oy a group will be formed that is active in supply of industrial seals, couplings, chemicals, filters and components as well as in the manufacturing of ceilings. Turnover will be about 17,5 million euro and the number of employees about 90 at the different locations in the Helsinki region.
